CHARACTER REACTIONS

GETS SCARED

A one second shriek, followed by a shot to your arm.

VERY HUNGRY

Would probably announce it's time for a snack run. Though generally a health nut, she loves to indulge every so often. "What's that? Chocolate? WIN!"

GIVEN A GIFT

Most likely to eye the gift curiously, "4 me? But I didn't do anything!!" If she didn't like the gift, or already had one, would probably regift it to someone who needs it more than her.

COMPLIMENTED

She would thank them with confident indifference. "Hey thanks! But I think you're WAAAAYYY better at this than I am."

GETS BORED

Completely loses her composure - "I'm so BOOOOOORED!" Taps her foot, starts drumming on the nearest surface, anything to make some noise.

GETS ANGRY

Stamps her foot and crosses her arms. This is one diva you don't want to mess with - especially if she's coming to someone else's defense. "Oh yeah? Try picking on someone your own size!"

GETS SAD

Doesn't hold back the water works well, which frustrates her. Insists she's fine. "I'm okay, alright? I'm fine. I just gotta chill, okay?"

STUBS 'TOE'

A fake sob. "Oooow-wow-wow." Sits on the floor and rubs her foot with one eye tightly shut. "Nice," she would say, "Total epic fail."
